

Die clorke van Erygely
No 91

The first part of the book is a history of the
 city of London from its foundation to the
 present time. It is written in a plain and
 simple style, and contains many interesting
 particulars of the city's growth and
 improvement. The second part is a
 description of the city's government and
 laws, and the third part is a history of
 the city's trade and commerce. The book
 is a valuable work, and is highly
 recommended to all who are interested
 in the history and government of London.
